

Radical Feminista

She refuses to hear
the lament
of the downtrodden.

She speaks
of justice
and equality
but sits
on a jewelled throne
built
on a foundation
of oppression
and refuses
to address
her own injustices
to right
her own wrongs
- the prejudice
venom
and brutality
she dishes out.

She is a hypocrite
masked
and living among
the good people
shrouded in lies
and cloaked
by the veil
of good intentions.
