Dear Becky

Just wanted to write a quick letter as there were a few things pertinent to you that I forgot to mention in the video message.

The first was the issue of when I am coming up. At the latest it will be around the middle of September, and at the earliest it could be in the next week. If I sell lots of bicycle tyre belts (<https://car-free-cities.org/bicycle-tyre-belts/>) then I will have the cash to come up sooner. I am going to advertise the webpage this week to lots of bicycle groups up and down the country this week so I anticipate a surge of sales. So it could be soon, but at the very latest it will be the middle of September-ish. I anticipate you will have mixed feelings, and also that I probably won't see you as I don't know where you live, and if you're still on the canal you could be anywhere. So I will probably just head to the Storey and ask the admin there to give you a ring. If you're not in or don't want to see me I will wait outside until you come out. Otherwise if you are not in I will just walk around Lancaster for a bit to see if I can spot anyone. Ideally you would contact me to arrange a meet, but given your situation I'm guessing you are too frightened to do so, and perhaps you confabulate other reasons why you don't want to see me. It is obvious to me that you ignore me because you are frightened, the threat around you is too strong, though you may not be aware of that and like I said, probably confabulate other reasons or just puzzle over why you ignore me without cause.

The other thing I will do when I come up is see Sharon, and her abuser. I know where she lives so that will probably be my first port of call.

The second thing I want to mention is that in my last letter I forgot to mention Robbie Gillett and Stacey's abuser – Mark Hobin. I keep picking up a lot of their presence around you, but whether that has manifested into the physical world yet or not I don't know. Just as the microscopic quantum realm acts as the precursor for the macroscopic world we experience, so too does the lunar realm act as the precursor for events in the solar (physical) world, so often I get it wrong when I relate things in the lunar realm that have not yet manifested in the solar realm. I think that was the case with Andrew and Stacey, for example, and possibly with you too if he was telling the truth. People for example do manifestation spells and that can lead to encounters in the lunar realm where these things are worked out. Anyway that's all technical stuff outside of your experience but I thought I would mention it. The main thing to say is that both of these individuals are rape threats, they both menace women for sex. Robbie is another Beau, Stacey's abuser is the same as Sharon's abuser. They are not nice people though they will present themselves as such. You're not going to listen to me but I shall tell you anyway, You seem intent on learning the hard way, but perhaps one day you will trust me enough to act on my advice.

The last thing I wanted to mention is what I sent to Beau yesterday. I copy the messages below. The link I shared to him is the link to that video of me doing shadow boxing at home (https://drive.google.com/file/d/1UBV0_HnoFeZ9SmWM2n_gY0EOZRMW-4Ga/view?usp=sharing). The aim is to bare my teeth and get them to back off so that the threat around you eases off and some space is created for your authentic self – that which is not conditioned by the patriarchy – to emerge. It is also aimed at preventing any violence. Like I said in my video message, if I saw a video of a guy like that I would not want to fight him at all, and would back off.

Love and solidarity,

Sonny x
